Vilanova del Camí

Vilanova is a medium-sized town 65 km far from Barcelona. Here took place the second visit from 15th - 18th January 2013. One of the highlights of the visit was the trip to Barcelona, where we visited the city hall, Ramblas or La Pedrera. Another memorable event was the tasting of two different types of paella.

the school

IES "Pla de les Moreres" has got about 500 students and about 100 of them are doing Batxillerat (non-compulsory education required to go to university).

It is a school full of art and, during the meeting, you could see many artistic designs that had been created for the "Week of Science".

the task

The topic we focused on was the creation of a " Video Art Masterpiece", which turned out to be a group of ideas about the future. It was really interesting to see how the youngsters dealt with the topic from such different and inspirational perspectives.

"It makes you open your mind and know about different cultures." (teacher)

"I want to repeat! People were so friendly and now I miss them all." (student)

"We are pleased with taking part in the project and helping." (mum)

"Has been perfect to live new experiences and improve my level of English." (student)
