

Volos

Volos is a coastal port city in Thessaly situated midway on the Greek mainland, about 326 km north of Athens and 215 km south of Thessaloniki. It's the capital of the Magnesia regional unit. It's at the foot of Mount Pelion and has the third of Greece's major commercial ports. The economy is based on manufacturing, trade, services and tourism.

the school

Epal N.Ionias Magnisias is a professional and technical Lyceum specialized in Electronics, Computer and Shipping. The students ages are between 16-19 years old. There are a lot of fully-equipped workshops.

the task

1st IPM took place from 6th to 8th November in Greece. A perfect and warm implementation of the project was achieved. Each country made a presentation about its own school, country, culture and interests. Teachers organized all the different tasks and students chose the Comenius logo.

"It made me realize how much we have in common and yet, how much we can learn from each other." (teacher)

"It has been one of the best experiences I've ever had" (student)

"We hope we made our guest feel as a member of our family." (mum)

"The greatest moment was the day of the arrivals." (student)
