Ljubljana

Ljubljana, the capital of Slovenia, is located in the central part of the country, between the Alps and the Karst. It's the cultural, educational economic, political and administrative center of Slovenia, independent since 1991. The 6th IPM took place in Ljubljana from the 11th to the 13th of February 2014.

the school

Sola Nove Fuzine a is public primary school located in a commuter town of Nove Fuzine. There are 250 pupils aged from 6 to 14 years, who are from various cultural backgrounds due to migrants and refugees. School offers also many additional cultural and sportive activities to improve pupils' skills and talents.

the task

Having been working in their schools different values (love, respect, friendship, fun & pleasure, freedom, health and family), using photos, students created artistic installations around these values to show their works.

I never would thought what a powerful relationships and what a lot of learnings you can live in these meetings.
(student)

For us it represents a lot of work, but you feel highly rewarded when you breathe this atmosphere.
(teacher)

For our kids and our families is a chance to share amazing experiences. We would like to have more time to enjoy it.
